## Notice of Possible Fee Increase on October 1, 2002

If a reply to a "Notice of Allowance and Fee(s) Due" is filed in the Office on or after October 1, 2002, then the amount due may be higher than that set forth in the "Notice of Allowance and Fee(s) Due" since there may be an increase in fees effective on October 1, 2002. See Revision of Patent and Trademark Fees for Fiscal Year 2003; Notice of Proposed Rulemaking, 67 Fed. Reg. 30634, 30636 (May 7, 2002). Although a change to the amount of the publication fee is not currently proposed for October 2002, if the issue fee or publication fee is to be paid on or after October 1, 2002, applicant should check the USPTO web site for the current fees before submitting the payment. The USPTO Internet address for the fee schedule is: <http://www.uspto.gov/main/howtofees.htm>.

If the issue fee paid is the amount shown on the "Notice of Allowance and Fee(s) Due," but not the correct amount in view of any fee increase, a "Notice to Pay Balance of Issue Fee" will be mailed to applicant. In order to avoid processing delays associated with mailing of a "Notice to Pay Balance of Issue Fee," if the response to the Notice of Allowance and Fee(s) due form is to be filed on or after October 1, 2002 (or mailed with a certificate of mailing on or after October 1, 2002), the issue fee paid should be the fee that is required at the time the fee is paid. If the issue fee was previously paid, and the response to the "Notice of Allowance and Fee(s) Due" includes a request to apply a previously-paid issue fee to the issue fee now due, then the difference between the issue fee amount at the time the response is filed and the previously paid issue fee should be paid. See Manual of Patent Examining Procedure, Section 1308.01 (Eighth Edition, August 2001).

Questions relating to issue and publication fee payments should be directed to the Customer Service Center of the Office of Patent Publication at (703) 305-8283.

## **DETAILED ACTION**

### **Allowable Subject Matter**

Claims 1-34 are allowed.

The following is an examiner's statement of reasons for allowance:

Claims 1-34 are allowed, because the prior art alone or in combination among other limitations does not teach or suggest to one of ordinary skill in the art a method for modifying a voxel based virtual object, selecting a modification mode that modifies a voxel value representative of the voxel-based virtual object. The closest prior art, Tarr US patent no. 6,191,796, teaches a method for modifying a virtual object in a haptic virtual environment, comprising: determining a virtual tool comprising a plurality of discrete points for use by the user in the haptic virtual environment; selecting a modification mode for the virtual tool; sensing a location of a user in real space; determining locations of the plurality of discrete points of the virtual tool relative to a location of the virtual; calculating an interaction force between the virtual tool and the virtual object based on the locations of the plurality of discrete points of the virtual tool and the location of the virtual object; producing a modified virtual object by modifying the virtual object based on the modification mode, the locations of the plurality of discrete points of the virtual tool, and the location of the virtual object; and outputting the modified virtual object, however said prior art fails to teach the previously stated limitations contained in the applicants claims.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue

Art Unit: 2671

fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

### EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Christopher Stamos on 11/04/2002.

On claim 19, line 6, after "determining a virtual tool for use by the user in the haptic virtual environment;" please insert -- selecting a modification mode that modifies a voxel value representative of the voxel-based virtual object; --

On claim 27, line 4, after "a virtual tool for use by the user in the haptic virtual environment;" please insert -- a modification mode that modifies a voxel value representative of the voxel-based virtual object; --
